

Privacy Policy

This privacy policy (hereinafter referred to as the “Policy”) sets out the terms and conditions of use of the services provided by VIP Billionaires (hereinafter referred to as the “Our Company”) on this website (hereinafter referred to as the “Services”). All registered users (hereinafter referred to as the “User(s)”) are requested to use the Services pursuant to this terms and conditions.

Our Company promotes personal information protection by setting out the privacy policy as below, establishing a framework for personal information protection, and thoroughly having our officers and employees understand the importance of and engage in personal information protection.

■ Purpose of Use of Personal Information

A user registration is completed with an application for the user registration by an applicant in accordance with the way prescribed by Our Company and with an approval by Our Company, the personal information received from the customer in which process is used for the delivery of e-mails and materials as communications, guidance on the services and replies to questions from Our Company.

■ Prohibition on Disclosure and Provision of Personal Information to Third Party

Our Company will properly control the personal information received from customers and will not disclose the personal information to a third party except the cases that fall under any of the followings:

1. If a customer agrees to a disclosure;
2. If a disclosure is made to a business operator to which Our Company delegates services for satisfying a customer’s desire;
3. If a disclosure is required for the protection of a person’s life, body and property and if it is difficult to obtain a consent from the User himself/herself/itself;
4. If a disclosure is particularly required for the improvement of public sanitation and if it is difficult to obtain a consent from the User himself/herself/itself;
5. If a disclosure is required for the cooperation with the execution of duties stipulated in laws and regulations by state institutions, local public authorities or outsourcing contractors thereof and if the execution of the said duties is likely to be obstructed by the acquisition of a consent from the User himself/herself/itself;
6. In other cases where Our Company is obligated to disclose or provide the personal information pursuant to the stipulations of laws and regulations;
7. If Our Company assigns some or all of the services to a third

party and if the personal information is transferred to the said third party;

8. If disclosed information is the one that cannot identify or find the User himself/herself/itself; and

9. In other cases where Our Company rationally judges that the disclosure is necessary for service provision to the Users.

■ Control of Personal Information

In order to keep customers' personal information correct and updated and prevent the unauthorized access to, loss of, damages to, falsification of and leakage of personal information, Our Company will strictly control the personal information by taking necessary measures such as the maintenance of security system, organization of control system and technology improvement as well as by implementing security measures.

It should be noted as well that Our Company shall not assume any responsibility in any of the following cases:

1. If a User himself/herself/itself has made known to a third party the personal information through the function of the Services or other means;

2. If a piece of personal information was possible to be identified due to the information and equivalents disclosed by a User himself/herself/itself in using the Services; and

3. If a third party except a User himself/herself/itself has obtained the information which can identify a particular individual and uses the said information including for the purpose of pretending to be the User.

■ Changes in Service Contents and Terms and Conditions of Use
Our Company may, if finding it necessary, without notifying it of the Users, change a part or all of the contents of the Services and the Policy, or suspend the provision of the Services.

■ Notification or Communication

Notification or communications between the Users and Our Company shall be given or conducted according to the way prescribed by Our Company.
